and the corresponding regulations applicable to Bombay and Madras, and in the rules under the Defence of India Act, he has powers which will enable him to deal effectively with those who promote disorder. He has sanctioned the extension of the provisions of the Seditious Meetings Act to the districts of Lahore and Amritsar in the Punjab, and will authorize a similar extension to other areas in which local Governments see reason to require it. The Police Act of 1851 enables a local Government to quarter additional police on any locality which is guilty of organized offences against the public peace, at the charge of the inhabitants, and to levy from the latter compensation for those who have suffered from injury to their property. The Governor-General in Council will advise local Governments to make a free use of these provisions where necessary.

The Governor-General in Council feels that many of those who inaugurated this agitation must regret the lamentable consequences which have ensued, the loss of life and property, and the damage to the reputation of India. He now appeals to all loyal subjects of the Crown, and to all those who have an interest in the maintenanee of law and the protection of property, both to dissociate themselves publicly from the movement, and to exert themselves in quieting unrest and preventing disorder. To all those who render such assistance to the cause of the public and the State, and to those servants of Government who are charged with the onerous responsibility of suppressing excesses against public peace and tranquillity, the Governor-General in Council extends the fullest assurance of countenance and support.

Order.—Ordered that the Resolution be published in the Gazette of India and communicated to all Local Governments and Administrations and all Departments of the Government of India.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.
